

Dear School Administrators:

It has been a pleasure to work with the professionals at Huckabee for over ten years. Huckabee has demonstrated a positive, "can do" approach on many, sometimes challenging, projects encompassing various contracting methods.

Hunt Construction Group actively pursues Huckabee projects because a philosophy of "team work" is not only preached, but practiced on a daily basis.

It is without reservation I would urge any school district to strongly consider Huckabee for your next project.

Sincerely,
